

LE ROI BENCH

by Kristian Sofus Hansen & Tommy Hyldahl

The Le Roi is a bench made from solid oak with inlaid natural French rattan. Le Roi is the French word for King, and the series is a minimalistic interpretation of rattan furniture from the French colonial time, merged with well known Scandinavian furniture archetypes, such as the three-leg circle table and the rectangular bench.

Le Roi is constructed as a frame geometry of solid oak, with natural French rattan mounted with traditional methods. The tactile French rattan creates a translucent surface, which highlights the beautiful and simple construction. Designed by Kristian Sofus Hansen & Tommy Hyldahl.
