### Modus Executive

In this range, designed for top-level demands on prestige, quality of features and comfort, the seat and backrest are upholstered with understated flat cushions made of fine leather. On the cantilever models, the upper edge of the backrest is straight. The complex crafting of the hand-sewn covers is not just pleasing to the eye and a sign of quality: as in all Modus models, the seat and backrest can easily be re-covered. This guarantees the chair has a virtually endless useful life and is very good value.
